

NITESH VERMA

Frontend Developer | JavaScript | React | Responsive Design | User Interfaces

📞 8955108074 ✉ verma.nitesh9416@gmail.com 📍 Bhilwara Rajasthan , 311001

SUMMARY

I am a versatile Frontend Developer with a strong skill set in JavaScript, experienced in creating responsive user interfaces and integrating basic React components. I have a foundational understanding of backend development using Node.js and am proficient in using version control with Git and GitHub. I am eager to contribute my technical expertise and passion for learning to dynamic web projects

EDUCATION

Bachelor of Technology

Manikya Lal Verma Textile And Engineering College

📅 08/2019 - 05/2023 📍 Bhilwara, Rajasthan, India

High School Diploma

Shree Mahesh Public School

📅 05/2018 - 05/2019 📍 Bhilwara, Rajasthan, India

PROJECTS

Metadesk Connect Space

📅 01/2023 - 05/2023

A coworking platform developed as project

- Led the frontend development using HTML, CSS, and JavaScript, ensuring a responsive and user-friendly interface
- Integrated basic React components to enhance interactivity and maintainability
- Collaborated on API integration to connect the frontend with backend services
- Managed version control and team collaboration using Git and GitHub
- Contributed to project planning and troubleshooting as part of a collaborative team effort

Online Code Editor

📅 01/2023 - 05/2023

A personal project to create an online code editor

- Developed a browser-based code editor supporting HTML, CSS, and JavaScript
- Enabled users to write and preview code in real time
- Utilized core web technologies and integrated basic React components to enhance interactivity and user experience
- Implemented features for live code execution and dynamic output rendering
- Applied best practices in frontend development, focusing on clean design and responsive layout

KEY ACHIEVEMENTS

Project Completion

Completed 5 projects using JavaScript and React components.

User Satisfaction

Collaborated in a team to achieve user satisfaction.

Code Optimization

Reduced code redundancy by optimized JavaScript practices.
